PROFESSIONAL EXPERIENCE

Farmers Insurance (FFQ) – Capgemini   September,2018 - March,2019

Farmers Fast Quote (FFQ) Application is mainly used by prospective/existing customer for taking quote for their Farmers' Insurance Policies which they are willing to or planning to purchase (or any other sister concern of Farmers, e.g. Bristol West). This application helps the prospect to get a close estimate for their monthly or annual premium which they need to pay for the coverage they are willing to purchase.

Roles and Responsibilities:

- Monitoring the alerts related to FFQ in Dynatrace, Tealeaf, Appdyanamics and Splunk.
- Preparing reports related to FFQ.
- Analyzing incidents in Servicenow and resolve using Toolkit

CNA (Guidewire – Policy Center) – Capgemini   March,2019 - December,2020

Policy Center application in Guidewire is mainly used to process the renewals of the existing policies. In this application policy will be passed to different steps and evaluates all the details on

the policy to make updates required according to the existing rules, generate referral messages to underwriter if any verification is required and also send necessary documents to the users.

Roles and Responsibilities:

- Development of Minor enhancements that user requested.
- Application support
- Deployment Activities

COURSES

Front-End Web UI Frameworks and Tools: Bootstrap 4 - Coursera
Front-End Web Development with React - Coursera
Server-side Development with NodeJS, Express and MongoDB – Coursera
